

First-Ever

Massachusetts FTC State Championship

T-Shirt Design Contest

For the first time ever, T-shirts will be produced to celebrate the Massachusetts State Championship! We're calling on students to come up with a design for the front of the shirt.

Any Massachusetts FTC team member can submit a design according to the instructions below, and students from all teams will then be able to vote on their favorite design. The creator of the winning design will receive a \$100 Visa gift card and a free shirt!

After the winning design is chosen, T-shirts will be available for pre-order, and will be distributed at the event.

Preparing Your Design

Choose a shirt color from the options listed at bit.ly/shirtcontestcolors. Use this color as the background for your design so that everyone will be able to visualize what the shirt would look like.

Create a design for the front of the shirt. The back will be reserved for a list of teams. You're free to do anything you want, as long as the following two requirements are satisfied:

1. Include the words "Massachusetts FTC State Championship" and the year "2024" somewhere.
2. Use a maximum of three colors besides the background shirt color. (These shirts are made by applying one color of ink at a time, so complicated images that use more colors won't work.)

It's preferable if you can prepare your design in a vector graphics format (.svg or .eps).

Submitting Your Design

Any member of a Massachusetts FTC team can submit a design, regardless of whether your team has qualified for the state championship. Please upload your design to this form at bit.ly/shirtcontestupload by **January 20 at 11:59 pm**. The creator of the winning design will win a \$100 Visa gift card and a free shirt!

Voting and Purchasing

Voting will take place via an online form during the week of January 22. After a winning design is chosen, shirts will be available to order. More details about this will be sent to all teams via email in the future.
